PROJECTS**

Premier Bathing Solutions for Any Commercial Project

As one of the originators of the accessible bathing industry, Bestbath's showers and tubs continue to offer the highest level of innovation and expertise to the market.

Large Projects Have Unique Demands

From assisted living and healthcare facilities to hospitality, universities, and multi-family construction and more, Bestbath understands what makes commercial projects successful. Our team of experts will work directly with you to make certain both your needs and code requirements are met. And through it all, our state-of-the-art manufacturing process gives you the design flexibility to create any type of tub or shower needed for commercial applications.

With Us, It's Personal

When you work with Bestbath, you work with a dedicated representative who can focus on your project and its unique requirements. Our commercial trade professionals benefit from shorter lead times, better service, and no hassles. There's no problem we can't solve, and no solution we can't provide for your next commercial project.

Enhance the lifecycle of your building with our barrier free, ADA and ANSI compliant bathing systems. From walk-in showers and shower pans, to tubs, tub/showers, and accessories, Bestbath provides

design, logistics, and customization services that can make a tremendous impact on commercial projects.

- Just-in-time delivery
- Mass customization
- Competitive pricing
- Design, Tooling, and Engineering services
- Premium Safety Accessories
- Revit, product renderings, CAD, and 3 part specifications available

Made In The USA and Backed By a 30-Year Limited Warranty

Bestbath is proud to manufacture our products right here in America. That means we can promise the quality you demand for all your commercial projects. We manufacture to exact specifications to provide beauty, durability, and safety to last a lifetime. Every Bestbath product you install comes with:

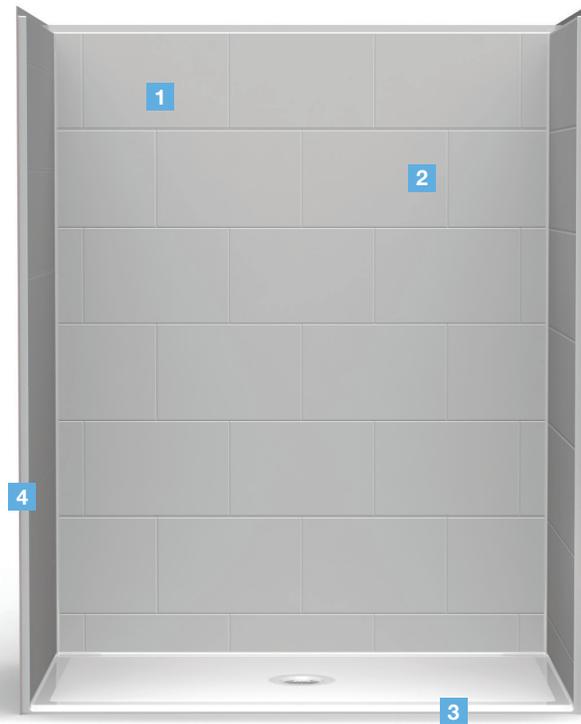

- Gelcoat durability
- Simple installation
- Anti-slip floors
- Worry-free maintenance

And with Bestbath's 30-year limited warranty, you can relax knowing you're covered now and in the future.

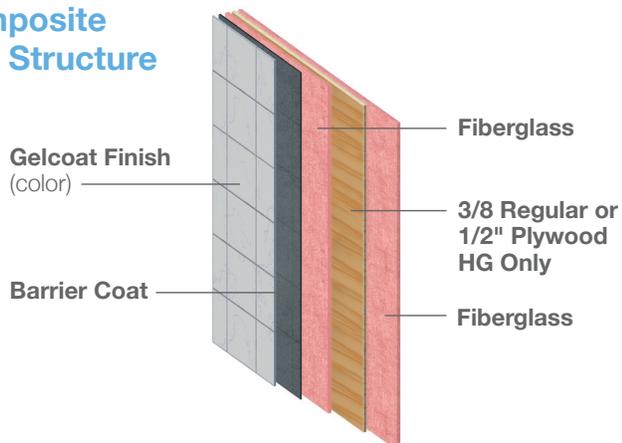

Built to Last

Shower Components

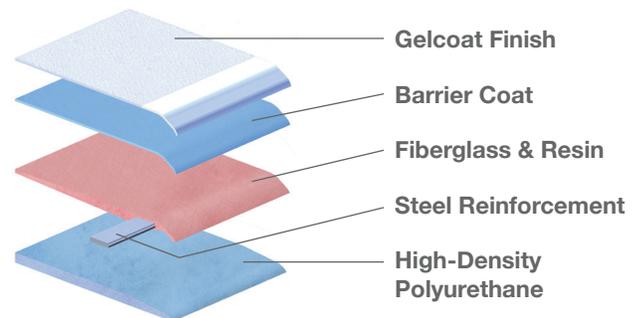

- 1 Modern Color Options**
To match your color scheme
- 2 Add Molten Stone or our TileDesign**
recessed pocket for a custom look
- 3 Curbed or Curbless Threshold**
- 4 Integral Plywood Reinforced Walls**

Beauty That Lasts a Lifetime

Showers

Choose the Bestbath walk-in shower and get the ultimate in safety, durability, and beauty. From the leakproof wall-to-wall and wall-to-base seams, to the tough composite wall structure with an attractive Gelcoat finish, Bestbath sets the standard for stunning showers.

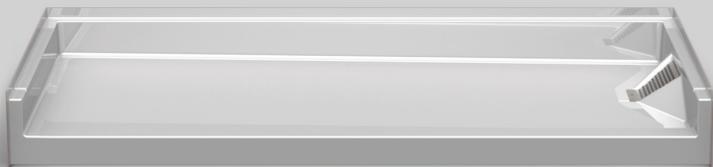

- Fully wood-backed wall system
- Accessories can be factory installed saving time on the jobsite
- Locking watertight corners
- Multiple threshold heights for all applications
- SpringClip/SnapJoint® wall assembly for easy installation and a clean look
- Single-piece and multi-piece showers for remodel and new construction

Shower Pans

Increase your design options with Bestbath shower pans. Our shower pans are built to last and are available in a full range of sizes and thresholds, including curbed, low-step, trench drain, and barrier free heights. Bestbath shower pans allow for the use of tile walls without the worry and maintenance of tile floors.

- Durable to withstand heavy commercial use
- Your choice of drain positions
- Pre-leveled at the factory and requires no mud setting

Form and Function

Tub/Showers

Offering style and functionality, Bestbath tub and shower combinations are a great fit for commercial projects. With an extensive line of tub/showers, we have solutions that work in a variety of applications and facilities.

- Custom color accents make a statement and offer décor flexibility
- Laminated wood-reinforced walls allow for grab bars to be easily installed anywhere in the shower without greenboard or additional structural bracing
- No mud setting required

Flexible and Adaptable

Bestbath bathtub shower combo units are built with the same exacting standards and quality construction as our popular showers and are available in single-piece units for new construction, or multi-piece for commercial remodeling projects. Many of our tub/shower combo units comply with ADA specifications giving you flexible options when you need them most.

Built with Customization in Mind

Wall Finish Options & Colors

Whether you're looking for a clean, simple finish or want to kick it up a notch with tile inserts or even Molten Stone™, Bestbath can customize your shower to match any décor.

You can even choose from several finishes to mimic tile in our stocked Gelcoat Color options: Diamond Tile, Classic Tile, Smooth Wall, 8" Tile, Subway Tile, and RealTile.

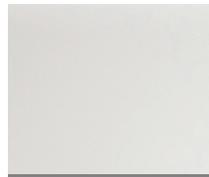

TileDesign™

Add a recessed pocket to any shower wall and then fill it on-site with colorful glass or ceramic for a custom design to fit your bathroom's style and décor. Choose any style, color, size, or shape of tile for a contemporary look. Tile installs quickly (on-site), is easy to maintain, and will not leak, eliminating the possibility of water damage.

Accessories

Complete your commercial project with the right accessories to match any style. Whether used for safety, functionality, or simply décor, our accessories provide a sleek and modern finishing touch to any bathroom. Grab bars and wall-attached shower chairs can be securely installed anywhere in the unit without having to find studs. Soap dishes, no-caulk drains, and window and flange trim kits make customizing easy. Bestbath's creative value engineering and adaptable bathing units take performance and style to the next level.

Custom Bathing Solutions

One size doesn't always fit all. A bath or shower that works for one project might be wrong for another. That's where we make you look good. We have a team of code-compliant experts and an engineering team dedicated to solving any challenge. We can manufacture any bathing solution to your project's exact specifications. From sizing to functionality, and safety needs to aesthetics, your dedicated Bestbath professional will work with you to ensure you get the right bath or shower — every time!

About Bestbath

Bestbath leads the world in manufacturing high-quality bathing solutions. Our products — from traditional shower inserts to grab bars and other accessories — have been at the forefront of timeless design since 1969. We work closely with architects, commercial project developers, and homeowners to ensure our designs provide the function and value needed today and for many years to come.

Better living begins with Bestbath.
